Hindi (Both)
Telugu (Both)
Kannada (Both)
English (Both)
Tamil (Spoken)

CERTIFICATIONS

-Java For Artificial Intelligence
-Cyber Crimes And Computer Forensics
-Forage Mastercard Cyber Security job Simulation
-Forage TATA Cyber Security job Simulation
-Certified LLM Security Professional (CLLMSP) – Red Team Leaders

Alur Praveen

RESUME SUMMARY

Motivated and detail-oriented aspiring Cybersecurity enthusiasist with a strong foundation in network security, vulnerability Assessment and penetration testing(VAPT). Skilled in identifying system weaknesses, analyzing network traffic, and implementing effective security measures using industry-standard tools and building security-focused projects. Passionate about safeguarding digital assets and continuously upskilling in emerging cybersecurity technologies

PERSONAL DETAILS

Current Location	Hosapete
Date of Birth	August 20, 2004

EDUCATION

Graduation

Course	BE (ISE)
College	Basaveshwar Engineering College, Bagalkot

Schooling	ClassXII	ClassX
Board Name	State	CBSE
Medium	English	English
Year of Passing	2022	2020

INTERNSHIPS

Movidu Technologies Pvt. Ltd. | January2026 - May2026

gained hands-on experience in vulnerability assessment, penetration testing, network security, and incident response. Worked with tools such as Kali Linux, Nmap, Burp Suite, and Wireshark to identify security vulnerabilities, document findings, and recommend remediation measures while following cybersecurity best practices.

InternPe | April2025 - May2025

Gained Hands on Experience in Frontend Technologies and also Worked on small projects with Gaining deep Subject Knowledge.

PROJECTS

Web Application Vulnerability Scanner | Nov 2025 – Jan 2026

• Developed an automated tool to detect SQL Injection and XSS vulnerabilities in web applications.Improved application security posture by generating detailed vulnerability reports with remediation guidance.Utilized Burp Suite and OWASP ZAP methodologies to simulate real-world attack vectors

Network Intrusion Detection System (NIDS) Jan 2026 – Mar 2026

-Built a system to monitor network traffic in real time and identify suspicious or anomalous activity. Integrated packet analysis using Wireshark and Nmap for traffic inspection and port scanning.

Pragovarya Rental | February 2024 - June 2025

-Full Featured vehicle rental management dashboard with user, vehicle, booking, and brand modules. Complete CRUD functionality with relational database design and query optimization.

UK CookHouse - The taste of Karmataka | September 2025 - December 2025

-UK CookHouse is an Cooking Website with Recipies can be searched by Ingridents, search by recipe information, Search by Nutritional Integration, Search by Time consuming.

AWARDS AND HONOR

-I was awarded as IEEE AESS Bangalore Chapter Outstanding Student 2025 under the guidance of Shri. Puneeth Kumar Mishra sir

ACHIEVEMENTS

- Served as Operating Committee Chairperson, BEC-IEEE Student Branch, and Secretary, IEEE Aerospace and Electronic Systems Society (AESS) Chapter, Basaveshwara Engineering College, contributing to plan Technical support and Building Network.
